**COURSE OVERVIEW**

This three-day course provides an in-depth review of the most current practice, knowledge, and experience to improve outcomes and management across the spectrum of vascular diseases including new approaches and techniques to critical limb ischemia, aortic disease, dialysis access, cerebral vascular disease and the management of complex wounds. The course will include didactic lectures followed by panel discussions with questions and answers.

**LEARNING OBJECTIVES**

At the end of this activity, participants will be able to:

1. Articulate the work-up of patients with abdominal aortic aneurysms and define the indications for EVAR as well as the endovascular options for managing vascular disease.
2. Discuss advances and new technologies in the treatment of Peripheral Arterial Disease.
3. Demonstrate expertise in the endovascular and surgical options for patients with vascular disease.
4. Provide advanced dialysis access options for complicated patients.
5. Learn newer, advanced techniques for vascular access and endovascular intervention.
6. Discuss strategies for the treatment of Venous Disease.

**ACCREDITATION STATEMENT**

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Surgeons and the South Florida Society for Vascular Surgery. The American College of Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

**AMA PRA CATEGORY 1 CREDITS™**

The American College of Surgeons designates this live activity for a maximum of 10 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**DISCLOSURE INFORMATION**

In compliance with ACCME Accreditation Criteria, the American College of Surgeons, as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest.
